Our GT Casino comes fully equipped to launch your online casino. **The latest games, advanced bonus engines, and tournaments** are packed alongside our heavy-hitting features that are sure to impress your new customers.

CASINO CONTENT

INTRODUCTION

- ♦ **Constant Inflow of New Games**

New games become immediately available to our partner. The partner can change game banners, game announcements, game order, and priority of display for an end user, as well as disable any games at their discretion.

- ♦ **Advanced Bonus Engine**

Gamingtec support team either adjusts the bonus system for a partner or can teach the partner how to do it by themselves. Free bet, free spin — bets without money to attract new players.

- ♦ **Tournaments**

Tempt your players to play more and hold tournaments on their own tailored strategy! Tournaments can be fun and rewarding! And they don't necessarily reward those who spend the most.

INTEGRATED PRODUCTS

ADVANTAGES

- ♦ **Interactive Promotional Offers:** Engaging live promotional widgets with real data instead of static banners.
- ♦ **Players Segmentation:** Automatically segmented audiences instead of manual user division.
- ♦ **Churn Rate Management:** Getting accurate predictions on when a user is to churn instead of losing clients.
- ♦ **Personalization:** Personalised offers instead of one banner for all users.
- ♦ **Access to dedicated games:** We provide access to dedicated and exclusive Live Casino tables and various other games.
- ♦ **Customers Retention Boost:** Free bets, ComboBoosts, cashouts, and a wide range of tools for effective user acquisition and retention.

Fast Integration.

1. Integrate our API.
2. Enable available games.
3. Setup bonuses/promotions and go live.

Easy-to-read reports. No need for analysts anymore. A partner receives information about:

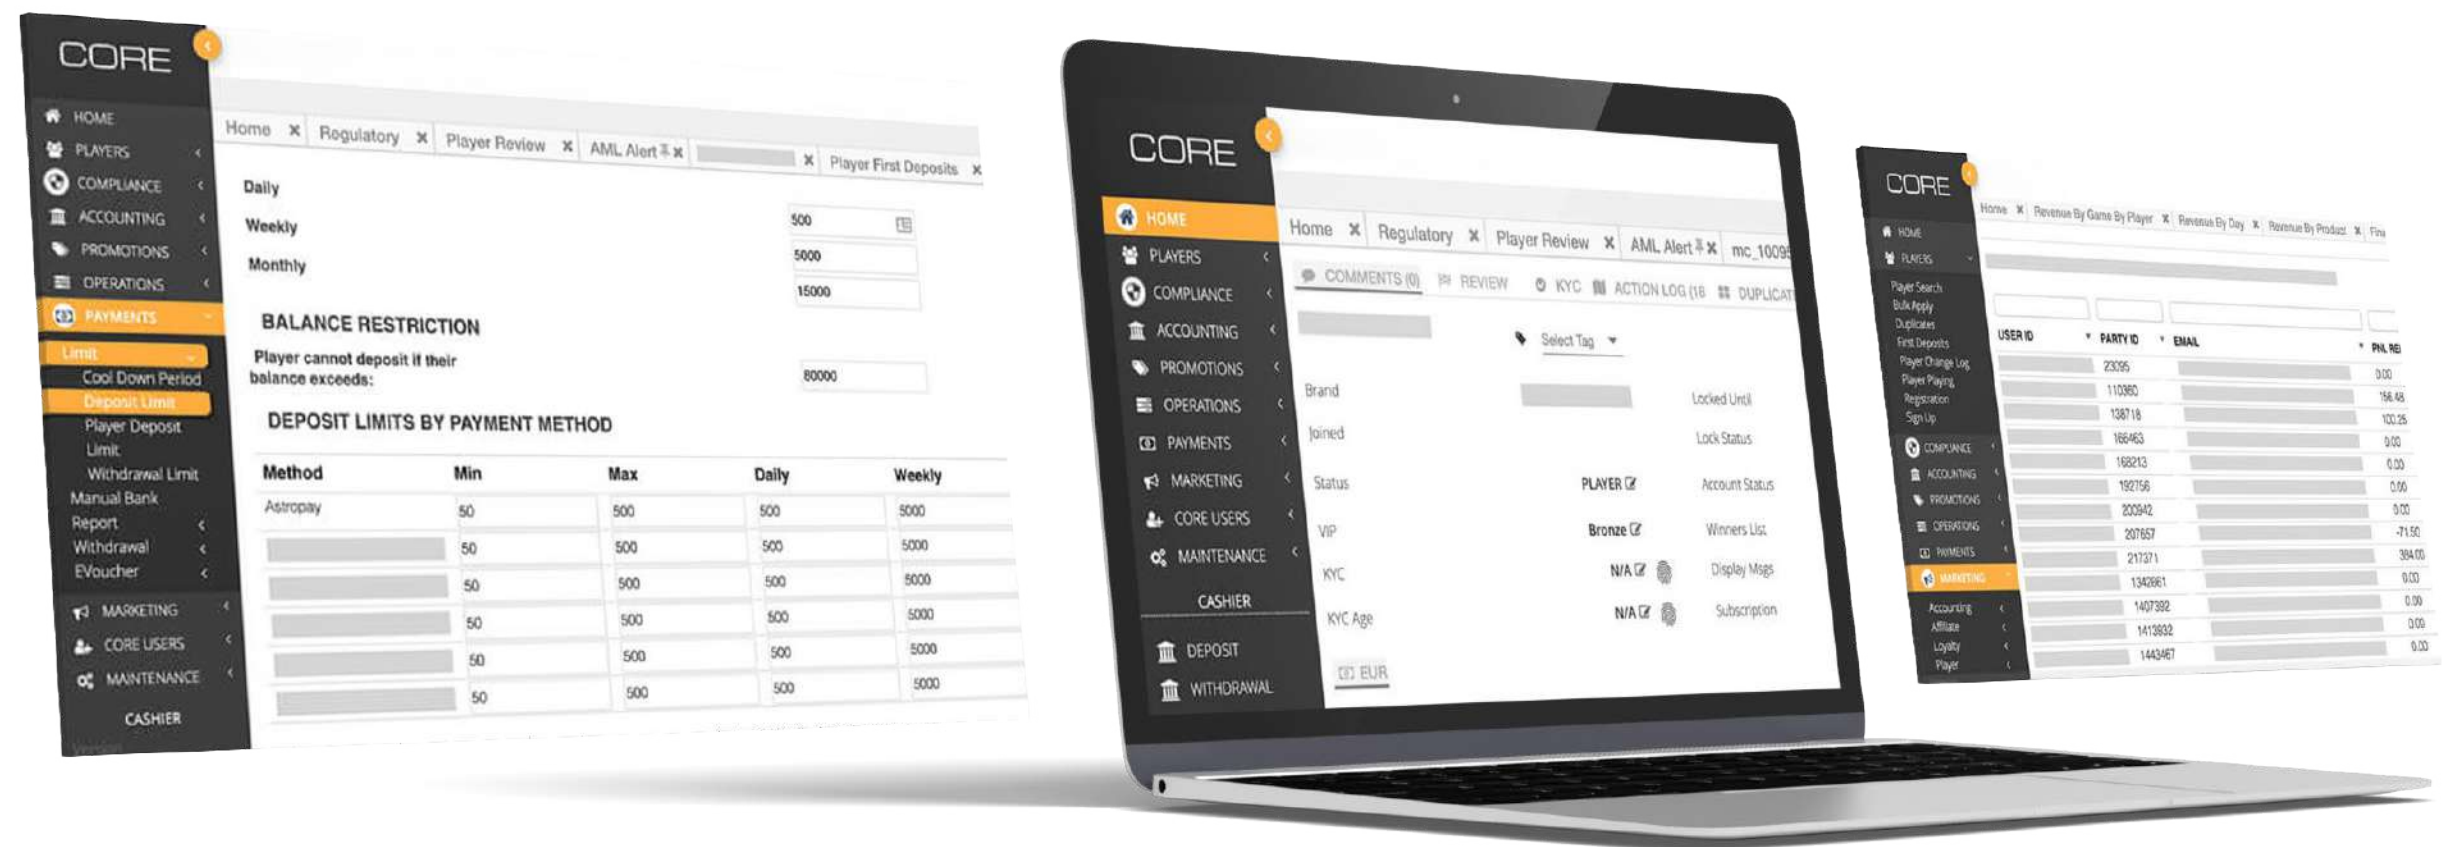

1. Netprofit.
2. Bonus program performance.
3. Turnover: in general, and for providers games, in particular.

- ♦ **Detailed BI & Analytics:** Powerful tools for generating online reports will allow you to see the big picture of the business, make strategic data-driven decisions, be aware which channels work better, and manage all advertising campaigns.

POWERFUL BACKOFFICE

Offering deep analytics experience, we provide all-levels management with ultimate reports on casino performance.

It allows the partner **to deal with fraud, follow the regulator's limits, and set up their own limits.**
