HIGHLIGHTS

GETTING STARTED WITH THE PLATFORM

State-of-the-art sports betting software for competitive bookmakers

With more tailored betting experiences, bigger results, and unprecedented action, we're offering partners the strongest betting and flexibility in choosing the API.

Highly-valued features include **in-play betting and statistics**, along with **risk management on a player level**.

FEATURES

- **Extended Odds Feed**

Covering more than 70,000 events per month across a huge number of sports. All odds are being automatically revised by our risk management system and hands-on traders to ensure competitiveness for each of our partners needs.

- **Comprehensive Marketing & Analytics Backoffice**

Offering advanced marketing tools and robust backoffice system that work together to boost user engagement and retention. Partners benefit from personalised marketing strategies and detailed performance reports, enabling effective management and data-driven decisions.

- **Machine Learning**

We collect tons of impersonal data and implement a range of machine learning techniques, which allows us to provide an automatic personalised approach to each player.

- **Technology Stack**

Combining microservice architecture with 7 data centres across 5 continents, we offer the highest availability of resources for users all over the world.

- **Customisable Design**

We provide a fully responsive design for any desktop, mobile, and tablet device. The whole sportsbook can be customised with a couple of clicks.

ODDS & RISK MANAGEMENT

We augment our expertise with complex tools which are always monitoring the market to protect our partners.

Every coupon is thoroughly revised and approved by a multistep risk management system.

All suspicious activity is identified using automated techniques used by an expert risk management team.

Every user has their own individually tailored limits, monitored **24/7** by our team.

Integrated with only **the best providers in the industry** in order to give partners maximum confidence in the platform.

Comprehensive monitoring tools provided to all partners to **always have full visibility** on their sportsbook.

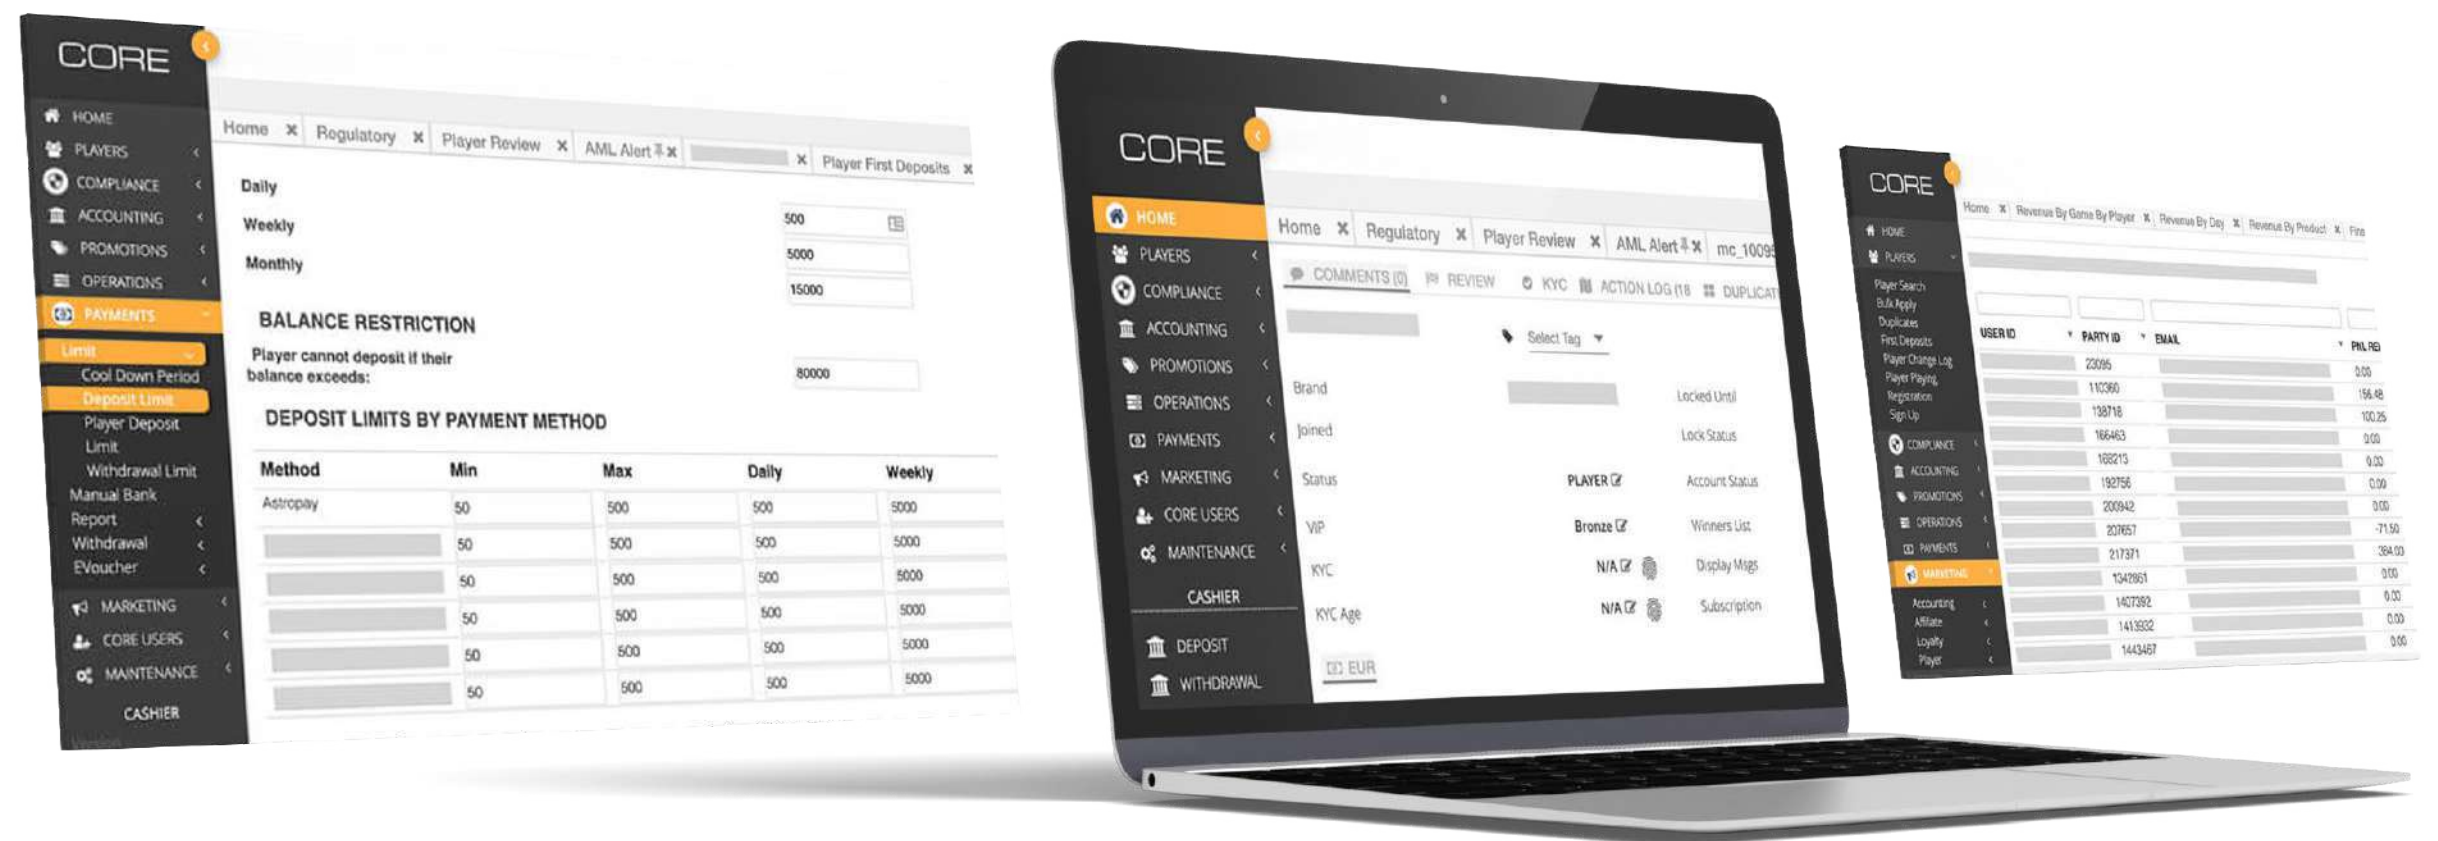

USPs

- ♦ **Interactive Promotional Offers:** Engaging live promotional widgets with real data instead of static banners.
- ♦ **Players Segmentation:** Automatically segmented audiences instead of manual user division.
- ♦ **Churn Rate Management:** Getting accurate predictions on when a user is to churn instead of losing clients.
- ♦ **Personalization:** Personalized offers instead of one banner for all users.
- ♦ **Customers Retention Boost:** Free bets, ComboBoosts, cashouts, and a wide range of tools for effective user acquisition and retention.

POWERFUL BACKOFFICE

Offering deep analytics experience, we provide all-levels management with ultimate reports on sportsbook performance.

It allows the partner **to deal with fraud, follow the regulator's limits, and set up their own limits.**

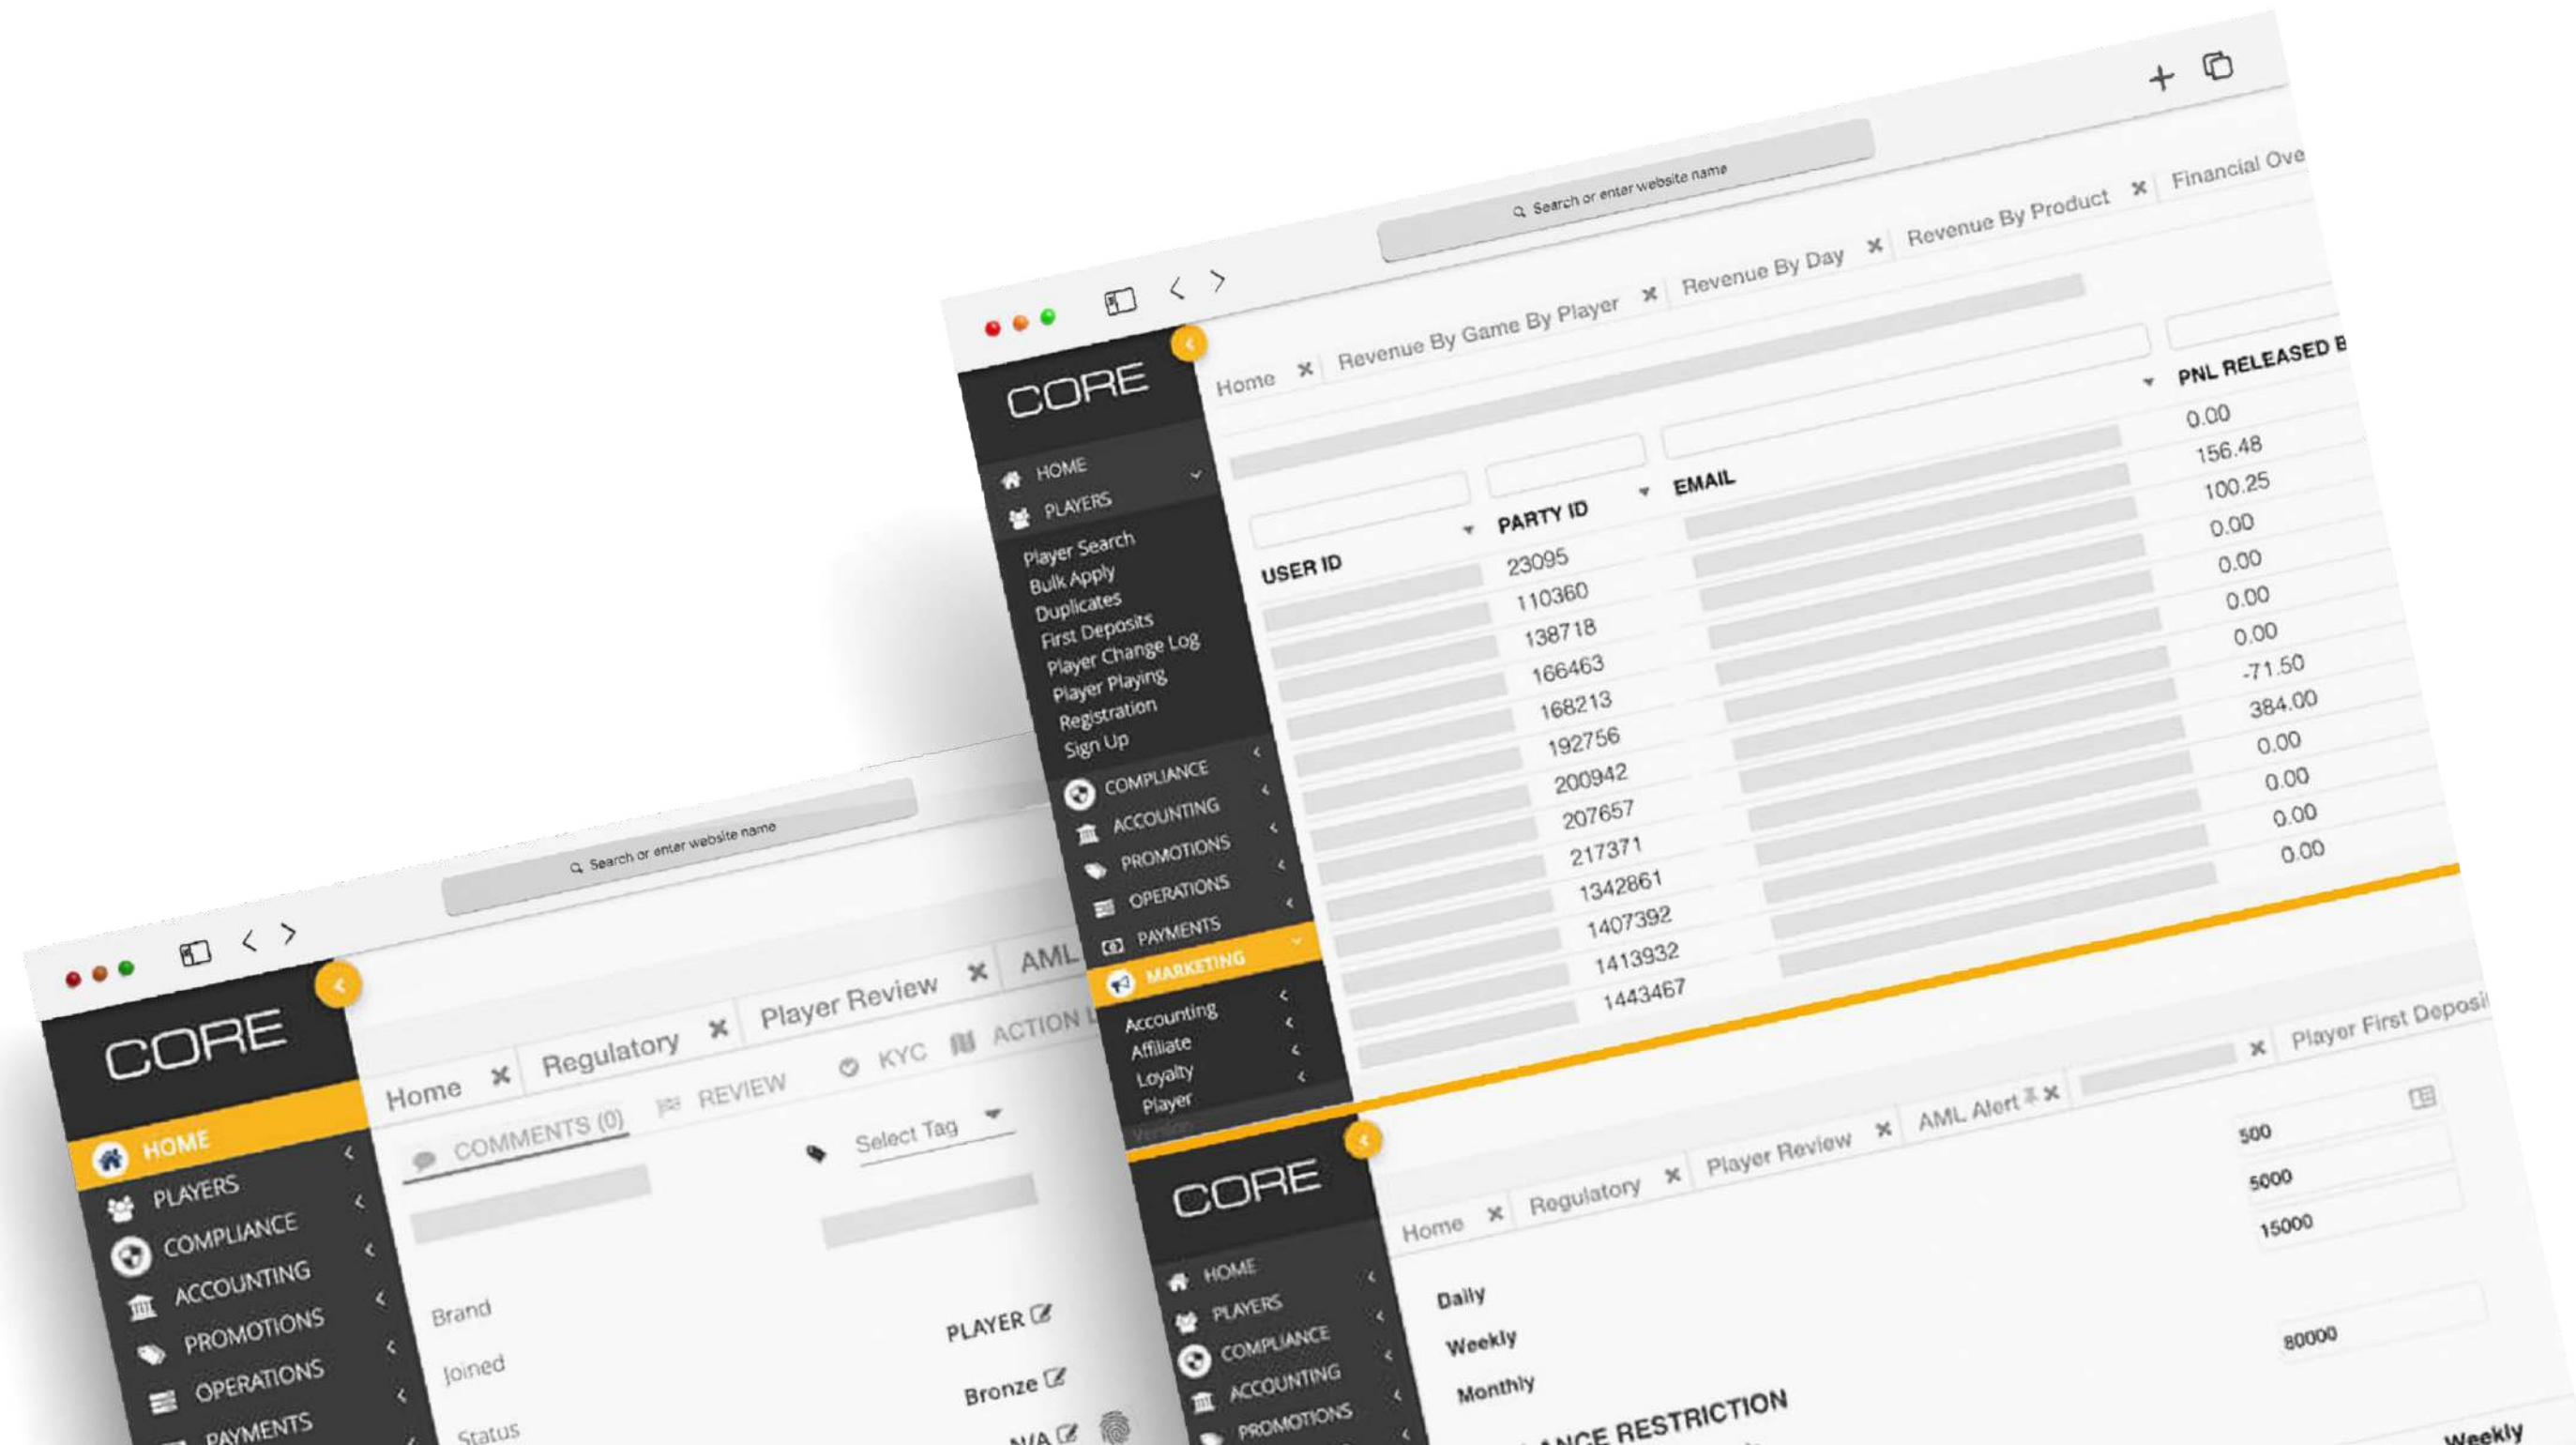

RESPONSIVE DESIGN

Our websites have an adaptive design for both **mobile and desktop** versions.

FAST INTEGRATION

1. Integrate our **API**.
2. Enable **available games**.
3. Setup **bonuses / promotions** and go live.

MACHINE LEARNING & CUSTOMER PERSONALISATION

We Predict

- ◆ Users churn rate to be reduced.
- ◆ Players segments to target at.
- ◆ Events to suggest for players at right time.
- ◆ Players turnover in future.

We Detect

- ◆ Fraud and risky players.
- ◆ Suspicious behaviour.

We Produce

- ◆ Cybersport bot-fights live odds.
- ◆ Odds feed based on real sport data.
- ◆ Automated personalised promotional offers promotional widgets with real data instead of static banners.

UNIQUE TO GT SPORTSBOOK

Pioneering features that boost bettors' engagement with overwhelming positive feedback.

- **BetRush:** Allows players to engage in so-called “zero-sum” betting, where they can use potential winnings on the spot in order to continue betting in future events. This process is automated, allowing for a unique kind of wagering experience.
- **BetsFeed:** A ticker feature of bets being placed at that moment according to the users' selections. Upon changing the sport, the BetsFeed will update the interface to display just the bets that users want to see.

Why choose GT Sportsbook?

- STABILITY

Our infrastructure is strong and reliable and it will mean your sportsbook delivers consistent speed and performance to you and your customers.

- CONTENT

Your sportsbook will always have extensive coverage via integrations from the industry's top content providers.

- FRONT-END

Bespoke front end with top notch technology backing it up will mean your customers will always have a fantastic experience when playing on your sportsbook.
