Introduction

Gateway to top sportsbook providers in the industry

We offer our partners the best in tailored betting experiences, delivering exceptional outcomes and unprecedented action. Our strength lies in providing partners with the strongest betting options and the flexibility to choose the right API.

Features

1

Extended Odds Feed

Our extensive odds feed covers more than 130,000 events each month, spanning a wide variety of sports. All odds are automatically adjusted by our risk management system and expert traders to ensure competitiveness tailored to each partner's unique needs.

2

Promo & Marketing Tools

Embracing a personalised marketing approach, we introduce a range of tools to help partners boost user engagement and retention. Additionally, our highly-valued features include in-play betting and statistics, along with risk management on a player level.

3

Powerful Back office

Offering deep analytics experience, we provide all-levels management with ultimate reports on sportsbook performance.

Features

4

Machine learning

We collect tons of impersonal data and implement a range of machine learning techniques, which allows us to provide an automatic personalised approach to each player.

5

Technology stack:

Combining microservice architecture with 7 data centres across 5 continents, we offer the highest availability of resources for users all over the world.

6

Customisable design

We provide a fully responsive design for any desktop, mobile, and tablet device. The whole sportsbook can be customised with a couple of clicks.

Odds & risk management

We enhance our expertise with advanced tools that continually monitor the market to safeguard our partners.

1

Every coupon is thoroughly revised and approved by a multistep risk management system.

2

Suspicious activities are identified using automated techniques by our team of expert risk managers.

3

Every user has their own individually tailored limits monitored 24/7 by our team.

4

Integrated with only the best providers in the industry in order to give partners maximum confidence in the platform.

Advantages

1

Interactive promotional offers

Engage your audience with live promotional widgets featuring real-time data, replacing static banners.

2

Players segmentation

Automatically segment your audience, eliminating the need for manual user division.

3

Churn rate management

Gain accurate predictions about when a user is likely to churn, preventing client loss.

4

Personalisation

Tailor your offers to individual users, instead of using a single banner for all.

5

Access to dedicated games

We offer access to dedicated and exclusive Live Casino tables, along with a wide variety of other games.

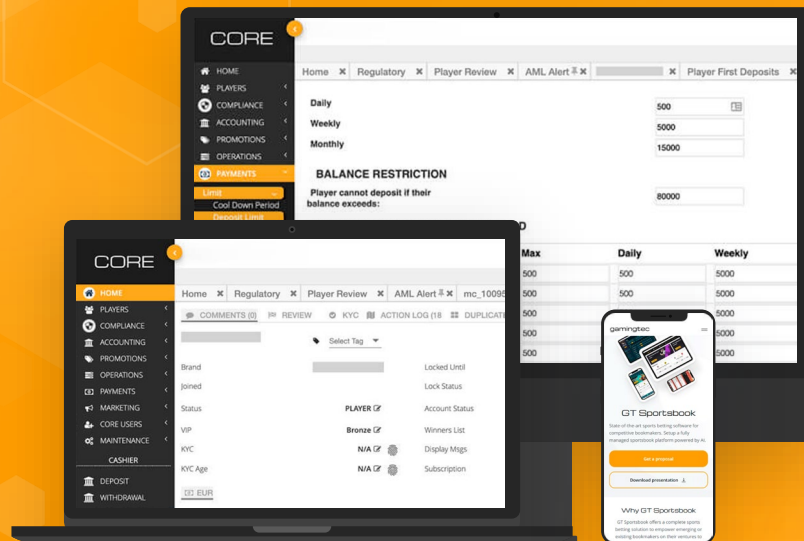

GT Sportsbook presentation

Powerful backoffice

Our back office provides partners with the flexibility to self-tune payment systems and transaction limits. This enables partners to effectively address fraud, adhere to regulatory limits, and customise the limits.

Responsive design

Our websites feature responsive designs that seamlessly adapt to both mobile and desktop platforms.
