PAYMENTS GATEWAY

Our payments gateway combines **acquiring capabilities, numerous alternative payment methods and online-bankings** across multiple locations with a wide choice of currencies.

GT enables eCommerce clients to **accept payments from and issue payouts to customers** using our technological innovation within a single unified integration.
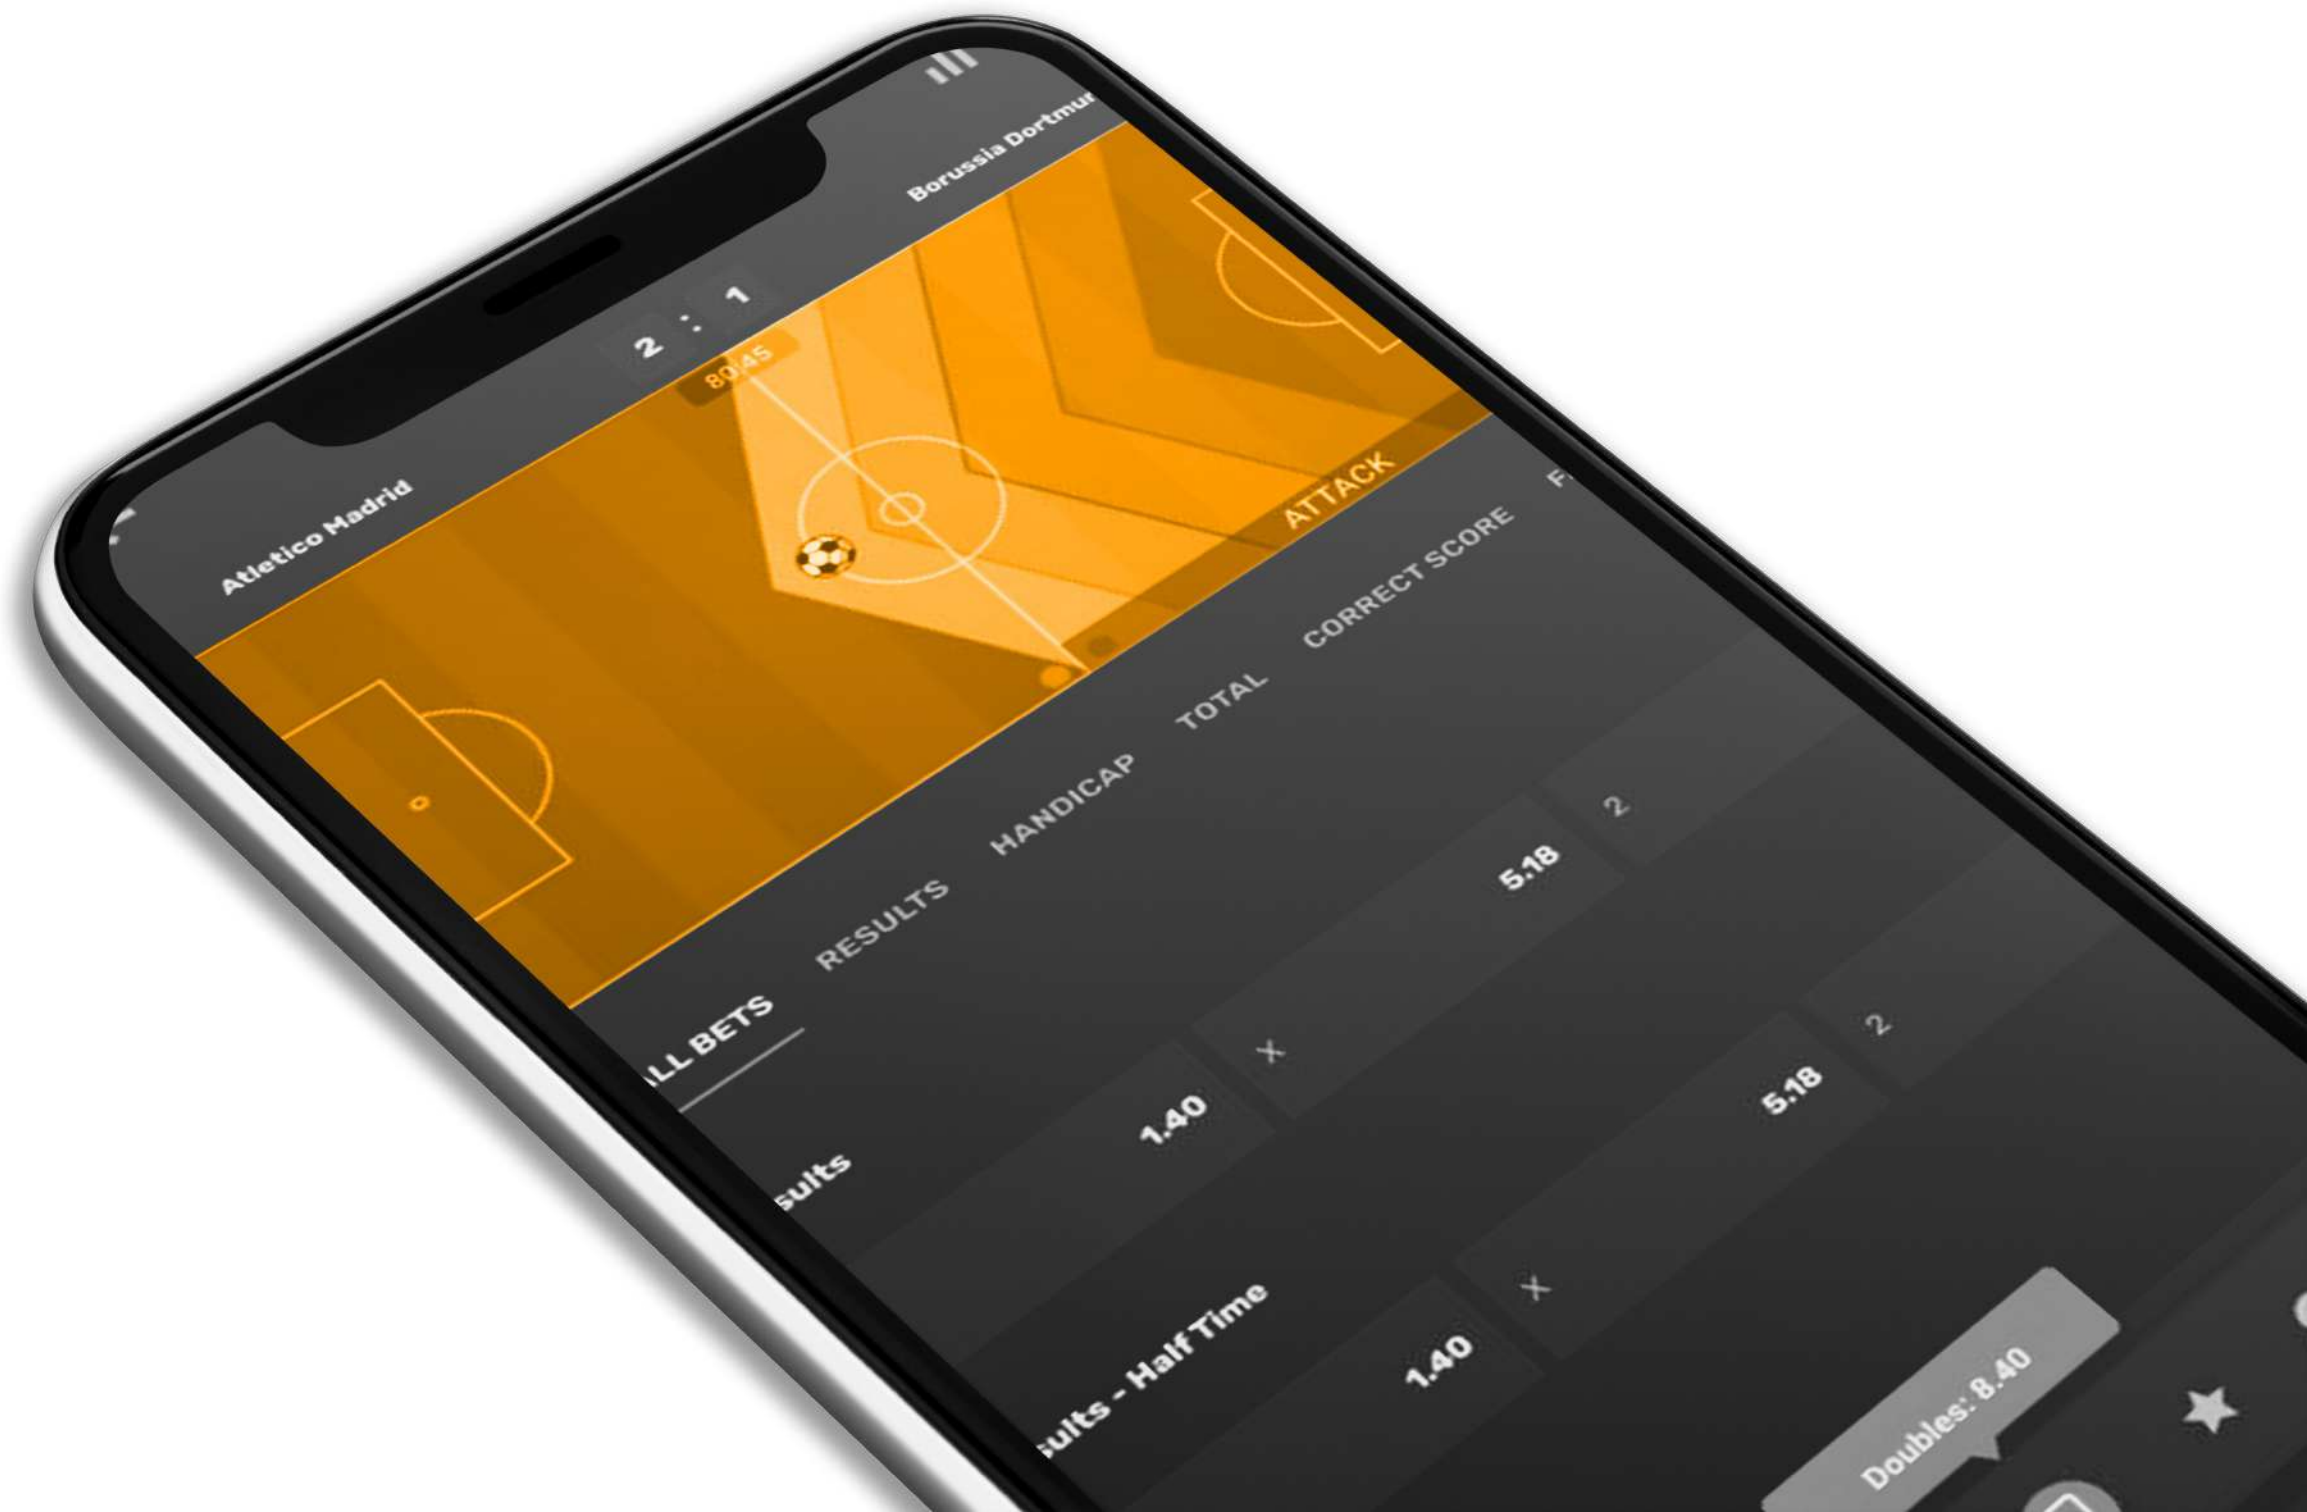

GT gives an **individual approach to each partner** offering a variety of custom-tailored products, features and technologies to simplify and secure the payment process for consumers on any devises.

- 15+ countries in operation
- 100+ supported currencies

More than 200 PSP integrations to ensure you can choose the right payment process for your business strategy.
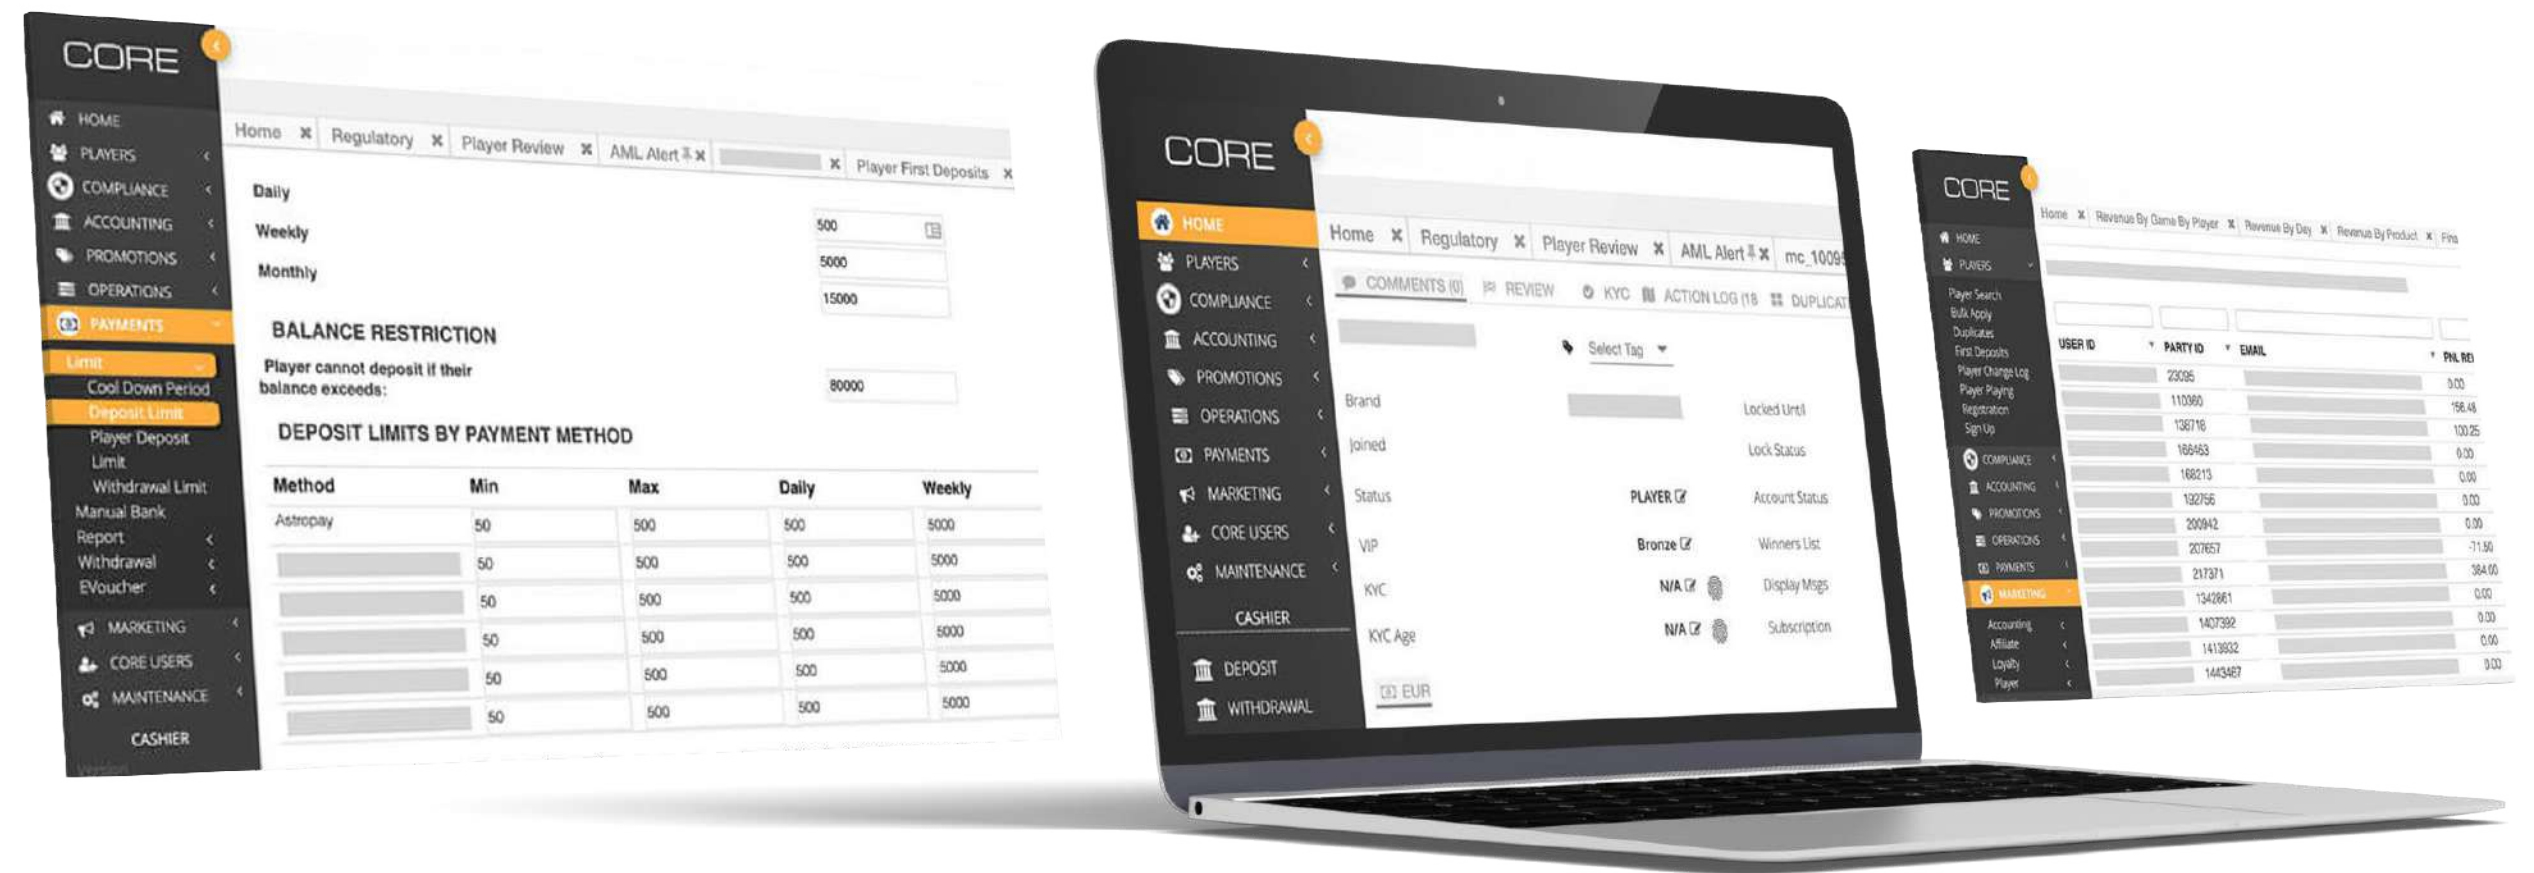

PWA APPLICATIONS

Smartphone users are a large and ever-growing audience. At the same time, application stores have limitations. Using Gamingtec, our partner **can produce** (adapt by wrapping) **an application, deliver it to a client and update the applications** without publishing it in the AppStore and PlayMarket.

POWERFUL BACKOFFICE

Self-tuning of payment systems and transaction limits is always available to a partner through the backoffice. This allows the partner **to deal with fraud, follow the regulator's limits and set up their own limits.**
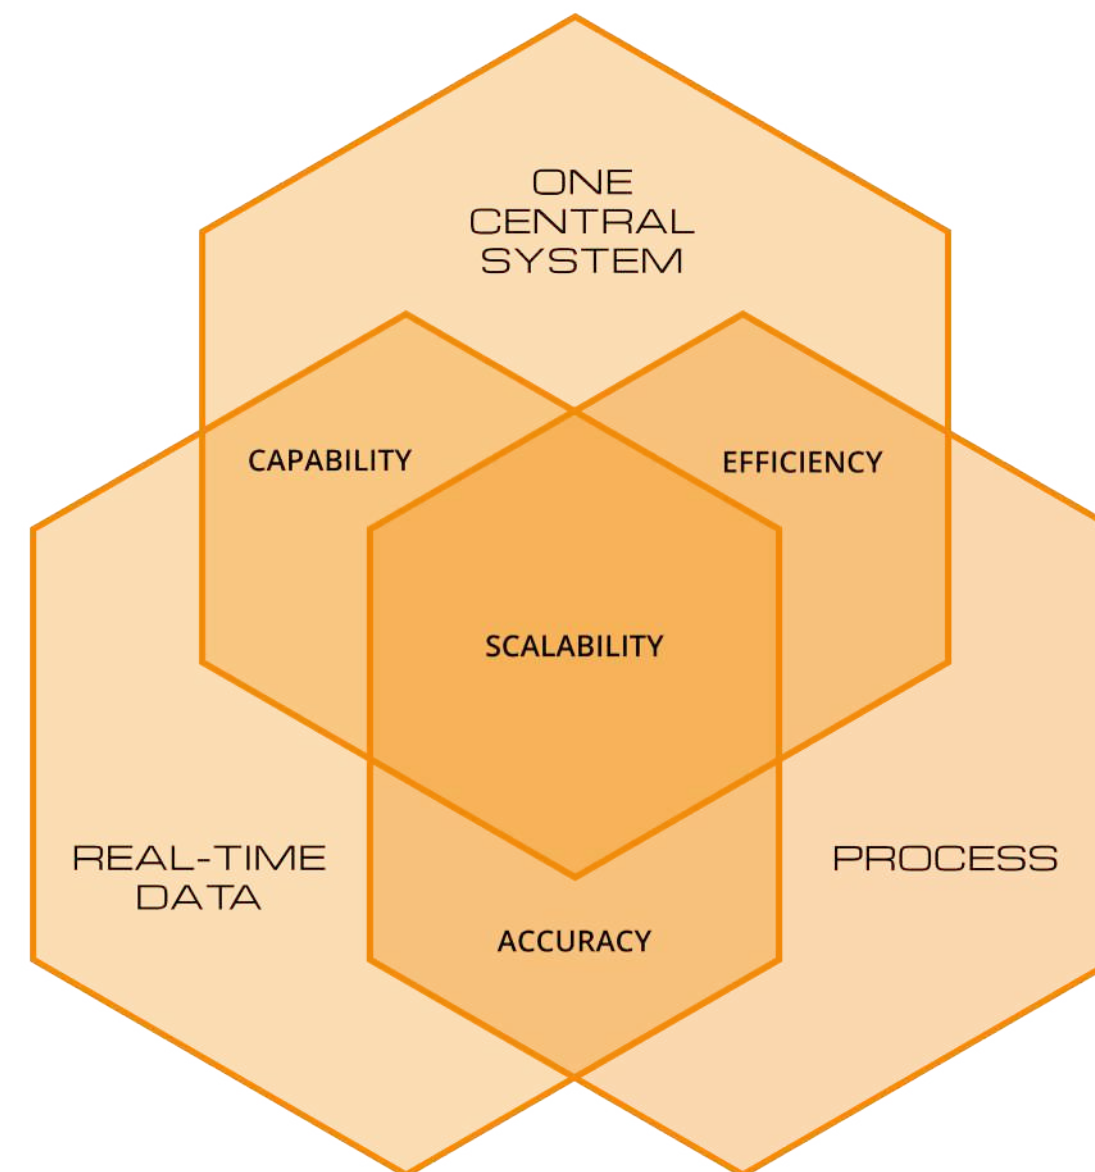

RESPONSIVE DESIGN

Our websites have an adaptive design for both **mobile and desktop** versions.

ADVANCED CRM SOFTWARE

- **Multi-channel and automation capabilities** beyond any other engagement platform.
- **Accuracy with real-time data** can reduce your bonus cost by 5-10%.
- **Increasing productivity** of operational teams by 60%.
- **Scale fast and without fear** of regulatory penalties.
- **Banish tech backlog,** outsource new service integrations.
