BUSINESS UNITS

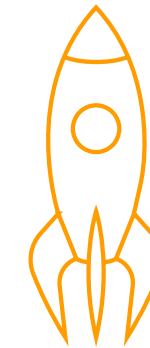

Gamingtec was founded in 2013 by Sapar Karyagdyev, CEO

Since then, it has grown to more than 150 specialized workers, operating across a wide range of business units, to offer our clients the very best solutions in the iGaming sector.

11 Directors heading up dedicated business units help our CEO manage the various departments and business areas of the company. This coordinated and multi-disciplinary approach ensures that all of our valued clients enjoy the full support and professionalism of a truly remarkable global enterprise.

KEY PRINCIPLES

Innovations

We provide innovative iGaming solutions based on statistical and analytical data on player behaviour

Reliability

We adapt the technology to the clients' needs and local market requirements

Partnership

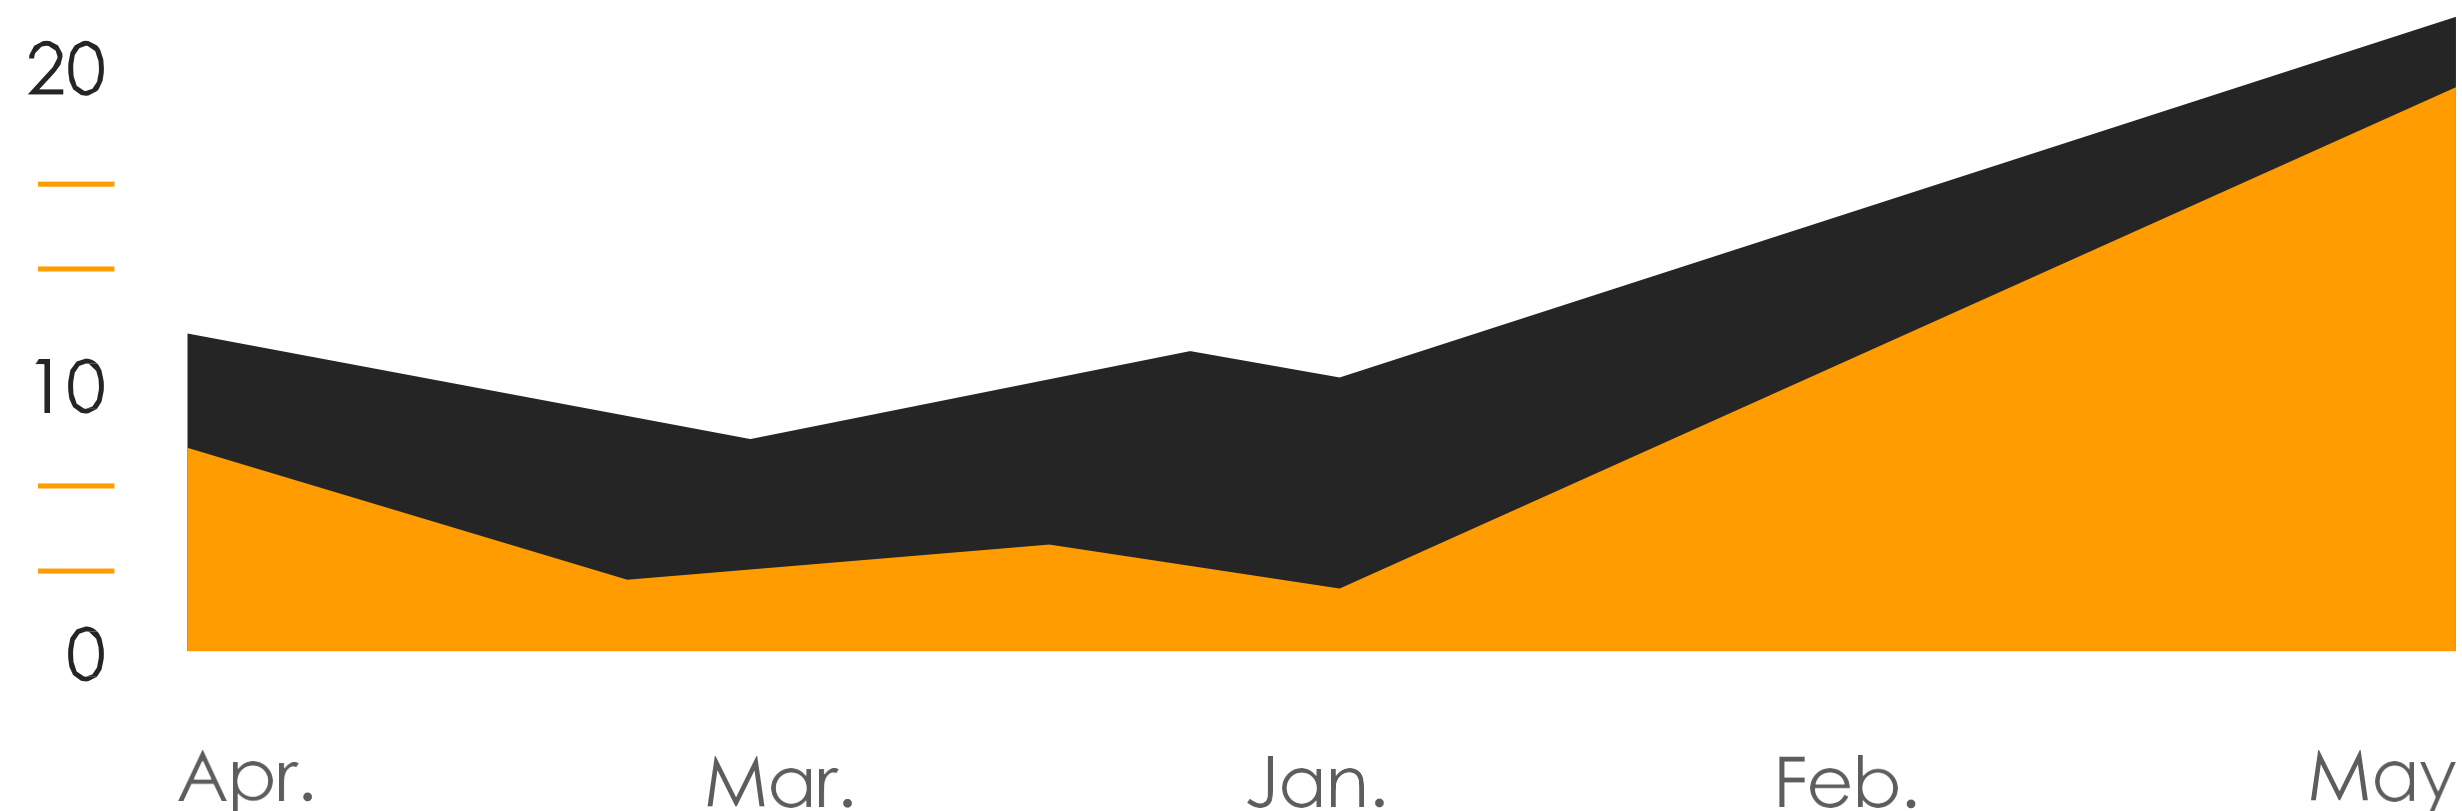

We build win-win relationships with our partners.
Their business growth is the ultimate purpose for us.

BENEFITS

Single wallet. This functionality makes it convenient to use the product. With a single wallet, it is possible to process all bets on Sportsbook and Casino through a single player account.

Unique solutions for unique markets. If a partner works in a unique market, we integrate the APIs he needs in order to meet the market requirements, based on specific requests.

No additional settings are needed. Our powerful Back-Office offers a seamless experience, catering for even the most demanding markets.

TEAM

Our team are qualified experts with solid experience in the development of software games: programming, management, international law practice, and game design.

- We inspire our team with a great mission
- We involve every player in the entire process
- We always keep the objective in mind
